

How does this Income Protection Plan work?

Find your monthly salary in the Benefit Schedule below and determine your eligible Monthly Disability Benefit. Your monthly salary is determined by dividing your annual base salary, exclusive of overtime pay, weekend, or summer work compensation, or other bonuses or benefits, by 12. Your premium will depend on the disability benefit level and the selected plan (90 days or 180 days).

REMEMBER: When you enroll, the \$10 benefit subsidy will be applied to your monthly premium.

BENEFIT SCHEDULE

Benefits cannot exceed 60% of your Monthly Salary.
